2 TECHNICAL SPECIFICATION for Resin Capsules :-

It should be DGMS Approved. The manufacture shall always obtain a quality certificate of the material(s), Metal(s), Chemical(s), components, part and accessories purchased from the suppliers, which be supplied to the Consignee. The manufacturer shall furnish all the relevant information in respect of chemical composition, properties, mechanical parameters and specifications or any other information or reports pertinent to their products to the Consignee.

The Resin Capsule and its constituent shall be exactly of the same quantity, quality and composition % given in the application for approval from DGMS and a notarized Copy of the same should be supplied with each lot of Resin Capsules supplied to the Consignee. Two percent of the samples of Resin Capsule manufactured from the latest batch of manufacture, jointly sampled by the user(s), & manufacturer, shall be subjected to prescribed examination and testing at an established and accredited Test House/CIMFR/ISMU and the cost of testing will be borne by the supplier/manufacturer. The Resin Capsules destroyed in the test shall be replaced by the supplier/manufacturer free of Cost.

The Examination and Testing so prescribed shall be carried out in the presence of the representative from the manufacturers and users who shall witness the tests and examinations and sign thereon the tests and examination reports. The Chemicals or the materials and substances used in the product shall be bio-degradable, non-ozone depleting and non-toxic in nature. The manufacturer shall arrange to provide clear instructions for use, safety data sheet, codes of safe practice for storage and use of the product.

The schedule of checking, checklist and other relevant information shall also be provided by the manufacturer to the consignee on every consignment of supplies. Adequate training and practical demonstration for storage and use shall be provided to the users.

Manufacturing lot no. with date of manufacturing alongwith date of expiry of the product (in case applicable) shall be printed on the body of the package in English.

DGMS Approval number with date of expiry shall be printed on the package of Resin Capsule and shall always be supplied to the Consignee with valid DGMS Approval.

The shelf life of the Resin Capsules shall be shown on every unit of Cement Capsule packages. The Resin Capsule materials should conform to the following norms :-

DIMENSION :- Size :- 25mm x 50mm, Type : Slow setting (Setting Time x 180 Second to 240 Second and the grout should provide a minimum anchorage of 3T after 30 minutes, and 5T after two hrs. of setting).

Catalyst must be packed in separate glass tube. The Resin Capsules shall be packed suitably with batch no., month of manufacture etc., so that they are not damaged during transit.

Delivery of materials shall be within 15 days from the date of receipt of purchase order or as specified in the Purchase Order.

Penalty Clause :- If required result is not achieved the whole lot will be rejected and returned without making any payment for the lot.

Provenness Criteria for the NIT - The firms may be Considered as proven for the sizes covered under DGMS Approval. DGMS approval certificate must be valid as on date of Tendering Opening.
