NOTICE INVITING TENDER

NIT No. BCCL/ CMC/ F- NIT / Stowing Material /2011/ 324

Date 13.06.2011

1. Invitation of bid

Sealed tenders are invited from reputed and experienced Contractors for the following work:

Name and description of work:	Quantity of work	Estimated Cost	Cost of Tender Document	EMD	Contract Period
Preparation of stowing material from over burden of mines for stowing in mines of BCCL	49,38,000cum	` 80,83,31,984/-	` 5000/- (non refundable)	` 1243600/-	6½ (Six and half) year

NOTE: Award will initially be for 2 (two) years and on the basis of satisfactory performance, the period may be extended for next 4 (four) years.

2. Introduction:

- 2.1 Bharat Coking Coal Limited (BCCL) intends to prepare Stowing Material contractually from Over Burden of its mines for the purpose of stowing.
- 2.2 Bharat Coking Coal Limited (BCCL) invites Bids from reputed and experienced Contractors, for Preparation of Stowing Material from Over Burden as detailed in the Bid Document.

3. Scope of work:

- a. Drawing of over burden (excluding top soil, sub soil & clay) from OB dump yard within 1 Km (from the plant boundary) and preparation of stowing material from overburden, segregation of combustible material, crushing the stone to the specified size, washing crushed material to bring it to specified quality and stacking the stowing material in stack yards within 1.0 Km from the plant premises and dumping the rejects in specified sites within 1 km from plant boundary.

Six months has been considered for installation and commissioning of the Plant/system. Six Years will be the effective production period of the contracts per clause no 13.0, if the work is extended after 2 years of successful completion of first award to the satisfaction of the company.

- b. Preparation of 49,38,000 cum of stowing material in six years as specified in the tender document, disposal of clay and other rejects outside the plant at the sites shown by BCCL within 0-1 km distance from the plant boundary.

c. Specification of the stowing material to be prepared :

SNo	Parameter	Value
1	Specific Gravity (gm/cc)	2.5
2	Bulk Density (gr/cc)	1.5
3	% of particles 600 – 150 microns size (Rest of the stowing material can be 150 – 53 microns size)	84% - 96%
4	Clay content	Below 1.5%
5	Porosity	40%
6	Boulders/pebbles	Nil
N.B.-(% means % of total volume)		

The stowing material so prepared shall be suitable for stowing operations of BCCL mines and flow smoothly through Bunkers, hoppers, chutes troughs, cones, pipes and pipe fittings. To get first hand information, the bidder is advised to visit mines and Stowing systems in BCCL.

On gaining experience, joint exercise shall be conducted to modify the standards stipulated to suit to the requirement cited above.

Sample of the finished material should be tested by the contractor for specification checking at CIMFR, Dhanbad or Indian School of Mine University, Dhanbad quarterly at his own cost and report be submitted to the authority/Engineer in Charge.

In case the system of preparing like nature of stowing materials fails, the contractor shall take out the establishment at his risk and cost and BCCL shall not be in any way responsible for the same.

4. Availability of Bid Documents

- a) Tender documents including terms and conditions of work, shall be available on any working days in working time from 27.06.2011 to 13.07.2011 from the following places on payment of cost of Tender Document either in cash or by Bank Draft drawn in favour of “Bharat Coking Coal Limited” on any scheduled Bank payable at its branches at Dhanbad ,
