Minutes of the Pre bid meeting held on 24-08-2010 in respect of Tender no. BCCL/Pur/610273/10 Cu. Mtr .ER Shovel/ Global/09-10/47 due on 21-09-2010

S/N	SECTION	CLAUSE NO.	CLARIFICATION REQUIRED BY PROSPECTIVE BIDDERS	COMMENTS OF BCCL
01	Sec-IV (SCC)	5.1 a	Whether the purchaser will provide the supplier the required capacity and number of crane on no charge basis.	Clarified.
02	Sec-IV (SCC)	7.1.1(ii)	Kindly clarify what constitute 'accessories'	Clarified
03	Sec-IV (SCC)	7.2.1	MARC holder will submit invoice along with certified copies of jointly maintained (signed) log book and purchasers written notification (also refer section VI,Part F, Clause7)Therefore, reasons behind further audit and verification of MARC holders's invoice not understood. Kindly clarify	Clarified
04	Sec-IV (SCC)	7.2.2	If the equipment is under breakdown due to any accident, face fall and blasting damages etc. the downtime should be calculated as available time of the equipment.	Clarified
05	Sec-IV (SCC)	11.1	If the requirement increases by 20%,the quantity of the equipment will go up to 5 . Will distribution of order clause apply in such case?	Clarified
06	Sec V Part-I		We would request you to kindly consider the delivery of the first machine within 9 months and subsequent machines at an interval of 3-4 months	Clarified .NIT terms will prevail.
07	Sec-VI Part E	4.5	Swing Ring Gear is heat treated and suitably hardened but not induction hardened.Not a single gear supplied on 73 Nos 1900AL shovels supplied to subsidiaries of CIL including 5 Nos in BCCL has been replaced. This is testimony of the quality of ring gear of our model 1900AL. Please accept our proven technology.	Clarified

08	Sec-VI Part E	4.6	Great emphasis is given to "Counter rotation" in the NIT. Propel system is not just Counter rotation, it also provides straight forward and reverse motion, steering motion in forward and reverse direction, left or right. 73 Nos 1900AL shovels supplied to subsidiaries of CIL including 5 Nos in BCCL have very effective and proven propelling /steering mechanism. However, it only lacks "Counter rotation" facility. We would request you to allow level playing field amongst bidders and kindly accept proven propel system of our model 1900AL shovel as supplied to the 5 nos. 1900AL shovel working in BCCL.	Clarified
09	Sec-VI Part F	4.2.1	Whether Crane will be provided to MARC Holder with operator. GM(EXEV) had kindly agreed to provide crane as and when required basis with operator in the earlier pre bid meeting held on 22-06-2010	Clarified. In the NIT "Workshop" under this clause may be read as "Work site"
10	Sec-VI Part E		Technical evaluation criteria: The evaluation procedure is not a full proof method. Hence, financing loading based on such unauthenticated values / parameters is not feasible. Hence, we appeal you that this method may please be used for technical evaluation purposes only but not for any financial loading.	Clarified. No change
11	Sec-II (ITB)	9.4	Number of days within which EMD will be refunded to unsuccessful bidder after finalization of the tender?	EMD will be refunded to unsuccessful bidders within one month from date of finalization of contract.
12	Sec-II (ITB)	22.1(A)b and 22.1(B)b	The total landed price is computed by adding all the price element like, basic price, excise duty, sales tax, transport, transit insurance and any other applicable taxes to arrive at FOR destination price and hence the total landed price and FOR destination price is one and the same. In view of the above clause may please be amended suitably as NIT contradictory.	Clarified.

13	Sec-IV (SCC)	5.1 a	Seeking change for Erection and Commissioning within 90 days in place of 75 days.	Clarified.
14	Sec V		Seeking change in schedule of Requirement of the NIT	Clarified. No change
15	Sec-VI (Part-E)	4.2 (iv)	Seeking change in the NIT as follows in place of existing entry: " Proving requisite semi skilled and unskilled supportive manpower for maintenance and repair of equipment (including machine shop and crane along with operator) "	Clarified.
16	Sec-VI (Part-E)	10	Seeking change in the NIT as follows in place of existing entry: "In accordance with the provision of clauses C.7.2 and C.7.3 of the technical specifications the bidder shall guarantee that the annual availability (calculated over each 12 month period) of the equipment shall not be less than as detailed as under "	Clarified
17	Sec-VI (Part-E)	4.3	Split type Boom Point Sheaves as mentioned in the NIT is not clear	Clarified .
18	Sec-VI (Part-E)	4.11	Monitoring of lack of lubrication to any point need to be discussed	Clarified
19	Sec-IV (SCC)	2	Indemnity Bond may be accepted in place of PBG.	No change.
20	Sec-IV (SCC)	7	80% payment should be against proof of despatch.	No change.
21	Sec-IV (SCC)	5.1(a)	There should be no LD on account of delay in commissioning not attributed to supplier.	No change.
22	Sec-VI Part F	1(a)	MARC period should be 07 years	No change.
23	Sec-VI Part F	1(a)	Seeking change in minimum guaranteed percentage availability	No change.
