Dated 07-05-2018

Press Release

Mr. Ajay Kumar Singh, Chairman-cum-Managing Director of Bharat Coking Coal Limited has said that he is committed to supply high quality coal to his consumers. For this, the company has taken several important steps in which the company has to be equipped with the latest technology. This was stated by Chairman-cum-Managing Director Mr. Ajay Kumar Singh while inaugurating the program by flagging the program which runs from 07.05.2018 to 19.05.2018, organized in the Coal Bhavan. In its presidential address Mr. Ajay Kumar Singh, Chairman-cum-Managing Director was the Chief Guest of the program.

On this occasion, Chairman-cum-Managing Director said in his address that several parameters of quality of coal were adopted in the past so that the supply of clean fuel could be ensured but in the changed circumstances we can now use Green Energy will also have to be taken care of. We have to see the coal production being linked to the environment. In this, our company is a major contributor to Coal India, which it adopted as a mission. He said that the production of coal from Koala on the basic surface of the eco-floor coal production starts. It has to be focused on that. For this, the company has made its general manager (quality) a comprehensive plan to instruct its subordinates to adopt the best quality coal so that our mentors remain satisfied. For this, the company has also built state-of-the-art and efforts are being made to ensure supply of the best quality coal and high level committee has also been constituted to monitor it.

On this occasion, Mr. Devel Gangopadhyay, Director (Operations), Mr. K. S. Rajeshkar, Director (Finance) Mr. NK Tripathi, Chief Vigilance Officer, Shri Kumar Animesh jointly present.

In the above program, Shri D.C. Jha, Chief Manager (Quality) also administered the oath to the present officials and employees that today, on the occasion of the quality awareness of the fortnight, I take this position that the mind, I will follow all outstanding standards of virtue. I am determined to develop the quality of coal with full awareness and the BCCL family at the highest level of prestige.

On this occasion, Mr. Deval Gangopadhyay, Director Technical (Operations) said that this fortnight has been started for the first time in BCCL and it has been seen that the quality of coal has improved considerably this year compared to the previous year. He said that NABL Laboratory in BCCL is available

in every area. Therefore, use this laboratory so that its subcontractors apply good quality coal to which we can get good prices.

On this occasion, Mr. K. S. Rajashekar, Director (Finance), said that to maintain the quality of coal throughout the year and there is no dearth of quality of coal and is fully satisfied with the supply of consumer coal. Coal production and dispatch should be done only on quality basis.

On this occasion, Director Technical (Planning / Project) Mr. N. K. Tripathi said that the duty of each person for good quality coal is to make their contribution in this work so that the company can provide good quality coal to its sub-contractors. .

BCCL's Chief Vigilance Officer Mr. Kumar Animesh said on this occasion that quality fortnight is a good starting point and the company is doing a good job in this direction and its message should go between every employee and officer of the company. He said that while improving the quality of coal, try to improve their work also.

Mr. Nikam Suresh, Professor of IIT, ISM in the above program said that supply of good quality coal is a daunting challenge and it is a major role of mining engineer, coal preparation and sub-vocal for doing this work and he said that by Coal India Special attention is being given to the canes to provide good quality coal to the subcontractors.

On this occasion Mr. N. K. Tripathi, Director General (Planning and Project), Mr. K S Rajeshkar, Director (Finance) Mr. Deval Gangopadhyay, Director of Operational Technology (Operations), Mr. N. K. Tripathi, Chief Vigilance Officer, on behalf of Chairman-cum-Managing Director Mr. Ajay Kumar Singh, Mr. Kumar Animesh, General Manager (M & A), General Manager (Quality) and Headquarters Head Office, General Manager and General Administration of Fields and a large number Headquarter officials and staff were present in

In the welcome address of the above program, Mr. Managing Director (Quality) Mr. AK Prasad said that as you all know, India produces and dispenses coking and non-coking coal by Coking Coal Ltd. Our customers are NTPC, DVC, Cell, Apart from the Tata and Fertilizer Company, there are many small industries which our company offers 365 days to their customers as per their requirement of coal Ensure that the memorandum was made by the Technical Secretary Shri AK Dutta, Director Technical Technology.
